

*The BYU Social Work Club
and Beach Environmental Awareness Campaign Hawai'i presents*

“Plastic: Impacts on our Health, Marine Life and the Environment”

Free and open to the public

Suzanne Frazer, co-founder of Beach Environmental Awareness Campaign Hawai'i, will discuss the different types of plastics, the impact of marine debris on marine life and what you can do to make a difference.

Thursday 25th February, 2010

11:00am - 12:00 noon

Brigham Young University

MPC building, room 101
